Waiting List Form for Pontoons

Please Circle if interested in – **Slip / Mooring Buoy / Either**

Thank you for your interest in our family-owned and operated marina. We've been in business serving visitors to Lake Waconia for over 28 years. Our goals are to provide our guests with a relaxed atmosphere, quality service, and a safe facility to keep your boat and enjoy the lake. We live on premise to personally watch over your boat.

Our boat slips for pontoons (up to 23 ft. max) are two-sided wood post construction and customized to fit your boats length and width.

Mooring buoys for pontoons are weighted and supported by chains to fit your boats size. Free shuttle service to your boat is provided during business hours. After hours, a rowboat is available to dinghy to and from buoys. A boat slip is dedicated (only for buoy customers shared use) for a short break or to pick up guests and goods.

Our store carries boating supplies, bait and fishing supplies, snacks, licenses, and ice. We also sell marine-grade premium gas. Fall and Winter boat storage and summer trailer storage can be arranged.

Please fill in as much information as you can. It helps us determine if we can fit your boat into a potential opening. We will contact you if a slip or buoy becomes available. All information is confidential and will NEVER be shared.
